- (4) The guidelines may make different provision in relation to different persons, circumstances, or cases or classes of persons, circumstances, or cases.
- (5) A person's failure to follow prudential guidelines issued under this section does not make the person liable to any proceedings.
- (6) However, a failure to follow prudential guidelines may be taken into account by the court or the Commission, as the case may be, in determining whether the Company has contravened any obligation imposed on it by and under this Act or regulations.

Subpart 3—Segregated portfolio status of Company

35 Segregated portfolios

- (1) The Company may create 1 or more segregated portfolios.
- (2) A segregated portfolio has the purpose and effect of segregating assets and liabilities of the Company held within, or on behalf of, the portfolio.
- (3) A segregated portfolio is not, and must not be treated as if it were, a legal person.
- (4) The assets and liabilities of the Company held within, or on behalf of, the portfolio may be segregated from either or both of—
 - (a) the assets and liabilities of the Company that are held within, or on behalf of, any other segregated portfolio;
 - (b) the assets and liabilities of the Company that are not held within, or on behalf of, any other segregated portfolio of the Company.

36 Approval required to create segregated portfolio

- (1) The Company must, each time it creates a segregated portfolio, obtain the prior written approval of—
 - (a) the Commission; and
 - (b) if required by the constituting documents of the Company, the council.
- (2) If the Company fails to comply with **subsection (1)**,—

- (a) the segregated portfolio must be treated as validly created and of full force and effect for the purposes of this Act; and
 - (b) the Commission may treat the failure to comply as a breach of a condition of the Company's captive insurer's licence for the purposes of section 26 of the Captive Insurance Act 2013.
- (3) Each segregated portfolio must be separately identified or designated in a manner that includes the words "segregated portfolio".

37 Segregated portfolio assets

The assets of a segregated portfolio comprise assets that are intended to be attributed to, and are held within, the segregated portfolio may include (without limitation)—

- (a) funding (by grant or otherwise) and other advances provided by developing partners and other persons; and
- (b) premiums paid or payable by the Foundation or by any 1 or more member countries; and
- (c) retained earnings; and
- (d) capital reserves; and
- (e) reserves of any other kind.

38 General assets

- (1) The Company must apply to its general assets all income, receipts, and other property or rights of the Company, or acquired by the Company, that are not attributable to a segregated portfolio.
- (2) The Company must treat the amounts applied to its general assets as forming part of those general assets.

39 Assets and liabilities in segregated portfolio must be kept segregated

- (1) The directors of the Company must ensure that procedures are established and followed to—
- (a) identify assets and liabilities of the Company that are held within, or on behalf of, a segregated portfolio and segregate them from assets and liabilities of the Company that—
 - (i) are held within, or on behalf of, any other segregated portfolio; and
 - (ii) are not held within, or on behalf of, a segregated portfolio; and
 - (b) ensure that assets and liabilities are not transferred between segregated portfolios, or between a segregated portfolio and the Company's general assets, except at full value.
- (2) **Subsection (1)(b)** is subject to **section 40**.

40 Approval for transfer between portfolios at less than market value

- (1) The Company may transfer assets and liabilities between segregated portfolios at less than full market value if it has the approval of the Commission to do so.

- (2) The Commission may approve a transfer between segregated portfolios, at less than full value, if it is satisfied of the matters in **subsection (3)**.
- (3) The Commission must be satisfied that—
 - (a) all member countries interested in the segregated portfolio from which the asset will be transferred have given prior written consent to the transfer; and
 - (b) all creditors of the Company whose liabilities are attributable to the segregated portfolio from which the asset is transferred have given prior written consent to the transfer; and
 - (c) the segregated account from which the asset is transferred will remain solvent after the proposed transfer.
- (4) The Commission may impose conditions on the Company when approving a transfer under **subsection (1)**.
- (5) **Subsection (2)** does not limit **section 63(3)**.

41 Transfer between portfolios for less than market value

- (1) **Subsections (2) and (3)** apply if a transfer between segregated portfolios is for less than market value and—
 - (a) has not been approved by the Commission under **section 40(2)**; or
 - (b) is in breach of a condition imposed by the Commission under **section 40(4)**.
- (2) The Commission is entitled to treat the failure to comply with **section 39(1)(b)** as a breach of a condition of the Company's captive insurance licence for the purposes of section 26 of the Captive Insurance Act 2013.
- (3) The transfer is voidable and on application to the court by any interested party, the court may declare the transfer void, but without prejudice to the rights of any bona fide purchaser for value without notice.

42 Availability of segregated assets

- (1) The assets in a segregated portfolio—
 - (a) are available and may be used to meet liabilities that the Company has to creditors who are creditors in respect of that segregated portfolio; and
 - (b) are not available and must not be used to meet liabilities that the Company has to creditors who are not creditors in respect of that segregated portfolio.
- (2) The assets of a segregated portfolio are, and must be treated as, absolutely protected from claims of creditors who are not creditors in respect of that segregated portfolio.

43 Effect of segregation on liabilities

- (1) This section applies if the Company has a liability to a creditor and that liability—
 - (a) arises from an act, omission, dealing, or other matter that relates to a particular segregated portfolio; or
 - (b) is otherwise attributable to, or imposed in respect of, that segregated portfolio.
- (2) In those circumstances,—

- (a) the liability is limited to the assets of the Company in the order set out in **subsection (3)**; and
 - (b) the recourse of the creditor is limited to those assets.
- (3) The creditor has recourse to the Company assets in the following order:
- (a) the segregated portfolio assets attributed to that segregated portfolio;
 - (b) to the extent that the segregated portfolio assets attributed to that segregated portfolio are insufficient to satisfy the liability, the Company's general assets (but only to the extent that those assets exceed the minimum capital requirements specified in any regulations or any capital requirements that are, at any time, imposed by the Commission).
- (4) If the Company gives an indemnity in favour of a director in respect of a liability incurred by that director on behalf of a segregated portfolio, the indemnity is enforceable only against the assets of that segregated portfolio.

44 Other liabilities

- (1) This section applies if the Company has a liability to a creditor and that liability—
- (a) does not arise from an act, omission, dealing, or other matter that relates to any particular segregated portfolio; and
 - (b) is not otherwise attributable to, or imposed in respect of, any particular segregated portfolio.
- (2) The liability, and recourse of the creditor, is limited to the Company's general assets without any limitation in respect of minimum capital requirements.

45 Company obligations to give full effect to segregated portfolio dealings

- (1) This section applies if the Company acts in respect of a matter that is intended to affect 1 or more segregated portfolios but not the general assets of the Company.
- (2) The Company must, at all times, conduct itself in a way that identifies the 1 or more segregated portfolios in respect of which it acts, both in respect of its internal administration and its dealings with third parties.
- (3) Without limiting **subsection (2)**, whenever the Company executes a deed, agreement, contract, instrument under seal, or other document, it must do so in a way that correctly identifies the 1 or more segregated portfolios to which that document applies.
- (4) If the Company becomes aware that it has acted in breach of **subsection (2)** or **(3)**, it must promptly—
- (a) make any necessary inquiries to determine the nature and extent of the breach; and
 - (b) do all things reasonably necessary to remedy the breach, including—
 - (i) determining the 1 or more segregated portfolios to which the relevant document should be attributed; and
 - (ii) making the correct attribution; and
 - (iii) giving written notice to all parties to the document or persons who are known to have received the document; and
 - (c) advise all adversely affected persons of their rights under **section 47**.

46 Complying with document requirements

- (1) It is sufficient compliance with **section 45(3)** if the words “segregated portfolio” and the relevant identifier are included in the document in the places where it relates to a relevant segregated portfolio.
- (2) If the Company acts as required by **subsection (1)** with respect to a document, and does so in good faith, the recourse of any person who asserts rights against the Company under or by reason of the document (or of any related transaction or dealing) is limited to the relevant segregated portfolio.
- (3) **Subsection (2)** does not apply in the case of fraud or obvious error.
- (4) The limited right of recourse is as provided for in **section 43(3)**.
- (5) **Subsection (1)** does not limit other forms of compliance with **section 45(3)**.

47 Rights of third parties regarding attribution

- (1) This section applies to a person who—
 - (a) is adversely affected by a breach by the Company of its obligations under **section 45(2) or (3)**; or
 - (b) objects to an attribution, a corrected attribution, or other remedial action taken by the directors under **section 45(4)**.
- (2) A person may apply to the court by petition objecting to an attribution, a corrected attribution, or other remedial action.
- (3) The court, after hearing the application and taking account of the parties’ intentions and any other factors that it considers relevant, may—
 - (a) uphold the petition, absolutely or on conditions;
 - (b) reject the petition;
 - (c) make other ancillary orders to give effect to its determination.
- (4) If a person receives written notice of the breach from the Company and of that person’s rights under this section, any application under this section must be made within 30 days after the date on which the person receives the notice.
- (5) The court must dismiss the application if it is made out of time.

48 Company obligations if third party does not recognise segregation

- (1) This section applies if an act of a third party results in assets of a segregated portfolio (the **creditor portfolio**) being paid to a creditor whose recourse, under this Act, is limited to 1 or both of the following:
 - (a) the general assets of the Company;
 - (b) the assets of another segregated portfolio (the **debtor portfolio**).
- (2) If a director of the Company becomes aware of circumstances to which this section applies, the Company must immediately—
 - (a) make all necessary inquiries to determine the nature and extent of the issue; and

- (b) do all things and repay to the creditor portfolio all sums, from the appropriate source, needed to restore the creditor portfolio to the position it would have been in had its assets not been paid to the creditor.
- (3) The Company or any other interested person may apply for the debtor portfolio to become the subject of a receivership order if it is not practicable for the Company to repay the creditor portfolio in full.
- (4) The creditor portfolio must be treated as a creditor of the debtor portfolio for the purposes of **subpart 1 of Part 4**, if the debtor portfolio becomes the subject of a receivership order.
- (5) In this section, **act of a third party** includes an act of a foreign court or a person acting under an order or a direction of a foreign court.

Part 4

Winding up and dissolution, and closing of segregated portfolio

Subpart 1—Receivership of segregated portfolios

49 Receivership order in respect of segregated portfolios

- (1) The court may make a receivership order in respect of 1 or more segregated portfolios.
- (2) A receivership order directs that the business and segregated portfolio assets of, or attributed to, 1 or more segregated portfolios must be managed by a receiver specified in the order for either of the following purposes:
 - (a) the orderly closing of the business of, or attributable to, the segregated portfolio;
 - (b) undertaking a period of administration by the receiver with a view to restoring the solvency of the segregated portfolio.

50 Application for receivership order

- (1) An application for a receivership order under **section 49** may be made by 1 or more of the following persons:
 - (a) the Company, by special resolution of the council;
 - (b) the directors of the Company, but only in circumstances where the directors can satisfy the court that a receivership order is necessary to protect, maintain, or restore the value of the relevant segregated portfolio assets or general assets;
 - (c) any creditor of the Company in respect of that segregated portfolio;
 - (d) the Commission.
- (2) Notice of an application to the court for a receivership order must be served on—
 - (a) the Company; and
 - (b) the Commission; and
 - (c) the Foundation; and
 - (d) any other persons that the court directs must be served.

51 Grounds for granting receivership order

- (1) The court may only grant a receivership order if it is satisfied that the segregated portfolio assets attributable to the segregated portfolio or portfolios to which it relates are, or are likely to be, insufficient to—
 - (a) discharge the claims of creditors in respect of that segregated portfolio or, in the circumstances contemplated in **section 48(1)**; or
 - (b) repay the affected segregated portfolio.
- (2) In deciding that question, the court must take account of the Company's general assets, unless there are no creditors in respect of that segregated portfolio who are entitled to recourse to the Company's general assets.
- (3) The court must also be satisfied that—
 - (a) the Company is not being wound up; and
 - (b) if it makes an order under this section, the receivership is reasonably likely to achieve the purposes set out in **section 49(2)** in respect of that segregated portfolio.

52 Administration of receivership orders

- (1) The receiver of a segregated portfolio—
 - (a) may do anything—
 - (i) that is ordered by the court in respect of the receivership; and
 - (ii) that is necessary to achieve the purposes set out in **section 49(2)** in respect of the segregated portfolio; and
 - (b) has all the functions and powers of the directors in respect of the business and segregated portfolio assets of or attributable to that segregated portfolio.
- (2) The receiver may at any time apply to the court for any or all of the following:
 - (a) directions as to the extent or exercise of any function or power;
 - (b) discharge or variation of the receivership order;
 - (c) an order about a matter arising in the course of the receivership.
- (3) The person who is receiver must be treated as acting as the agent of the Company when performing and exercising the functions and powers of receiver.
- (4) The receiver is not personally liable except to the extent that the receiver is fraudulent, reckless, or negligent or acts in bad faith.
- (5) A person dealing with the receiver in good faith is entitled to assume, without inquiry, that the receiver is acting within the receiver's powers, unless the person has actual notice to the contrary.

53 Restrictions on certain actions after receivership order made

- (1) After an application for a receivership order has been made in respect of a segregated portfolio, the following actions cannot be taken:
 - (a) commencing or continuing proceedings by or against the Company in relation to the segregated portfolio:

- (b) taking steps to enforce any security, or execute any legal process, in respect of the business or segregated portfolio assets of, or attributable to, the segregated portfolio.
- (2) However, the actions can be taken with leave of the court, which may be granted with conditions.
- (3) The restrictions in this section apply until the earliest of the following dates:
 - (a) the date of the dismissal or withdrawal of the application;
 - (b) the date of the expiry of the term of the receivership;
 - (c) the date of the discharge of the receivership order;
 - (d) the date of the termination of the receivership order on the commencement of the winding up of the Company.

54 Modification of Company procedures in cases of receivership

- (1) After a receiver has been appointed by the court in respect of a segregated portfolio, **subsections (2) and (3)** apply until the expiry or termination of the term of the receivership.
- (2) The functions and powers of the directors cease in respect of the business of or attributable to, and the segregated portfolio assets of or attributable to that segregated portfolio.
- (3) The receiver is entitled—
 - (a) to be present at all meetings of the Company; and
 - (b) to vote at the meetings in all matters affecting the general assets of the Company, as if the receiver were a director of the Company.
- (4) **Subsection (3)** does not apply if no creditors or other persons interested in the segregated portfolio are entitled to recourse to the Company's general assets.

55 Receiver to make payments in manner consistent with this Act

A receiver must, in making payments to third parties, do so in the following order of priority:

- (a) paying to creditors who have recourse to segregated portfolio assets the amounts to which they are entitled, having regard to the provisions of **subpart 3 of Part 3**;
- (b) as to any balance, paying any person entitled to that balance other than the Company;
- (c) to the extent that amounts remain to which no other person is entitled, paying those amounts to the Company to form part of its general assets.

56 Cessation of receivership order

- (1) A receivership order ceases to have effect at the commencement of the winding up of the Company or on its earlier discharge by the court.
- (2) The court may discharge a receivership order on the application of an interested party.
- (3) The court may discharge a receivership order if the court is satisfied that—
 - (a) the purpose for which the order was made has been achieved or substantially achieved, or is incapable of being achieved; or
 - (b) there is another good reason, not inconsistent with the provisions of this Act, to do so.

- (4) If the court discharges a receivership order under **subsection (2)**,—
- (a) the court may direct that a payment made by the receiver to a creditor of the Company in respect of that segregated portfolio must be treated as full satisfaction of the liabilities of the Company to that creditor in respect of that segregated portfolio; and
 - (b) any liability of that creditor against the Company in respect of that segregated portfolio must be treated, on the discharge of that order, as having been extinguished; and
 - (c) the court may direct that the segregated portfolio be dissolved on a date specified by the court.
- (5) The cessation or discharge of a receivership order does not affect the validity and effect of acts of the receiver or an agent of the receiver that occur before the cessation or discharge, as the case may be.

57 Remuneration of receiver

The remuneration and expenses of a receiver in respect of the receivership—

- (a) are payable from the segregated portfolio assets attributable to that segregated portfolio with priority over all other claims; and
- (b) are not payable from any other assets of the Company.

Subpart 2—Winding up and dissolution

58 Interpretation

In this subpart, unless the context otherwise requires, **debtor** means,—

- (a) in relation to the winding up of the Foundation, the Foundation; or
- (b) in relation to the winding up of the Company, the Company.

59 General matters regarding winding up

(1) In the winding up of the Company, the liquidator—

- (a) must deal with the Company's assets in the manner required by **Part 3**; and
- (b) must, in meeting the claims of creditors, apply the segregated portfolio assets and the general assets strictly in accordance with the provisions of that Part; and
- (c) in any case of doubt or ambiguity, or the exercise of any power or discretion, must act in respect of segregated portfolio assets in a manner that gives full effect to **Part 3**.

(2) This section applies despite any enactment or rule of law to the contrary.

(3) In particular, if an enactment or a rule of law might otherwise require that the Company's assets be realised and applied in satisfaction of the Company's debts and liabilities *pari passu*, that term must be treated as modified and as applying subject to **Part 3**.

60 Foundation or Company may be wound up

(1) The Foundation or the Company may be wound up—

- (a) voluntarily by the council by a special resolution; or

- (b) compulsorily by 1 of more of the following persons or entities:
 - (i) the council by a special resolution;
 - (ii) the enforcer in accordance with the procedures set out in the foundation rules;
 - (iii) the Financial Supervisory Commission in accordance with section 34 of the Captive Insurance Act 2013;
 - (iv) a creditor in accordance with **section 61**.
- (2) If a segregated portfolio is subject to a receivership order under this Part, a resolution for the voluntary winding up of the Company is not effective and the winding up can only proceed with leave of the court.

61 Creditor may apply for winding up of Foundation or Company

- (1) This section applies to the rights of a creditor of a debtor who petitions the court to wind up the debtor.
- (2) The winding up of the debtor does not of itself—
 - (a) entitle any person to petition the court to wind up the remaining constituent party to the Facility; or
 - (b) afford to any person any right over property legally or beneficially owned by the debtor or by the remaining constituent party to the Facility, apart from property that is beneficially owned by the debtor; or
 - (c) affect the ongoing existence of the remaining constituent party to the Facility.
- (3) A creditor may petition the court to make a winding up order if all of the following conditions are satisfied:
 - (a) the debtor owes the creditor a sum exceeding \$10,000 or any greater sum provided for by the regulations;
 - (b) the creditor has served a written demand for payment of the debt on the debtor and, in the case of a debt owed by the Company, has given written notice of that service and of the content of the demand to the Foundation;
 - (c) the debtor has not, within 21 working days after the date of service of the demand, paid the debt or given security for it to the creditor's satisfaction;
 - (d) either the debt is not disputed by the debtor or the debt is the subject of a final judgment of the court or, if appealed, of the relevant appellate court.
- (4) A creditor is liable to the debtor for full indemnity costs calculated on a solicitor-client basis if—
 - (a) the creditor files a petition to wind up the debtor knowing that the debt is disputed; and
 - (b) the court is satisfied the debt is disputed by the debtor in good faith; and
 - (c) the court either dismisses the petition or stays it pending the determination of that dispute.

62 Court may wind up debtor

- (1) If a winding-up petition is presented, the court may make an order to wind up the debtor only if—
 - (a) the conditions in **section 61(3)** are satisfied; and
 - (b) there is no other matter of general law or practice that would disentitle the petitioner to the grant of the petition.
- (2) In the case of a petition to wind up the Company, the following additional requirements must be satisfied for an order to be made:
 - (a) on or after serving the petition to wind up the Company, the petitioner has requested the council to advise in writing, within 60 days after the date of receiving that request, whether the council or any of its members are willing or able to advance funds to the debtor to enable it to meet the debt;
 - (b) the petitioner has filed the council's response or affidavit evidence of service for a non-response;
 - (c) in the case of any non-response, the court is satisfied that—
 - (i) all members have either responded or had 60 days' clear notice of their opportunity to do so; and
 - (ii) generally, each member of the Foundation has been given a reasonable opportunity to advance sufficient funds to the debtor to allow it to meet the claim of the petitioner; and
 - (iii) no member of the Foundation is both willing and able to do so within a time considered reasonable by the court in all the circumstances of the case.
- (3) Nothing in this section imposes legal liability—
 - (a) on a council member or on any other person connected to the Foundation or Company to meet the obligations of the debtor; or
 - (b) on the Foundation to meet the obligations of the Company; or
 - (c) on the Company to meet the obligations of the Foundation.

63 General provisions as to winding up

- (1) A creditor may apply to the court to wind up a debtor even if the debtor's voluntary winding up has begun.
- (2) Subject to this Act, the court may make orders in relation to the winding up of a debtor that it thinks necessary or convenient to ensure the winding up takes place as quickly and cost-effectively as is practicable, having regard to—
 - (a) the interests of its creditors; and
 - (b) the interests of the Facility, subject to the interests of its creditors.
- (3) Except to the extent that the court orders otherwise, the provisions of Part VIII (Receivers and Managers) and Part IX (Winding up) of the International Companies Act 1981-82, with the necessary modifications, apply in relation to the administration, winding up, and dissolution of a debtor as if the debtor were an international company incorporated under that Act.

- (4) Despite **subsection (3)**,—
- (a) if there is any conflict or inconsistency between the provisions of the International Companies Act 1981-82 referred to in **subsection (3)** and this Act, this Act prevails to the extent of the conflict or inconsistency; and
 - (b) in any case of doubt or ambiguity, or the exercise of any power or discretion, every receiver, manager, or liquidator must act, in respect of segregated portfolio assets, in a manner that gives full effect to **Part 3**.
